WHAT ALKHEMIYAH IS

A Live Sound + Breath Experience

Alkhemiyah brings sound, breath, rhythm, voice, stillness and embodied practice into spaces where people are already learning how to return to themselves.

Not a performance. Not a lecture. Not just bowls.

Each experience is shaped around the people in the room, the purpose of the gathering and the energy of the space.

MORE THAN A SOUND BATH

Voice. Drum. Flute. Bowls. Breath. Stillness.

Live singing / voice	Gong
Frame drum	Chimes
Flute	Guided breathwork
Crystal bowls	Somatic awareness
Himalayan bowls	Stillness + integration

WHAT GUESTS MAY RECEIVE

A Different Kind of Rest

The experience invites participants to move from external stimulation into breath, body, sound, stillness and reflection.

01 Deep Rest

Space to soften without pressure to perform.

02 Breath Awareness

A guided way to slow down and listen inward.

03 Embodied Listening

Sound experienced through the body, not only the ears.

04 Connection

A shared experience that still respects each person's pace.

No medical or therapeutic outcome is promised. Alkhemiyah is a wellness and embodied-practice experience.

HOW IT UNFOLDS

Arrive. Breathe. Receive. Integrate.

01

Arrive

Guests enter, settle into the space, and become present at their own pace.

02

Ground

A simple orientation prepares the room and explains what to expect.

03

Breathe

Guided breathwork helps soften the nervous system and invite awareness.

04

Receive Sound

Bowls, gong, drum, flute, voice, chimes and silence may be woven together.

05

Rest

Guests are invited to rest, listen and receive without performance.

06

Integrate

A gentle closing supports re-entry, reflection and return.

“Participants are never asked to force emotion, ‘release’ anything, or have a particular experience.”

WHY HOST IT

It gives your community another reason to return.

Engagement

A meaningful reason for current members and guests to gather beyond the regular schedule.

Programming

A distinctive specialty experience that adds value without asking your team to create another offering.

Revenue

A ticketed event, recurring residency, staff reset or special activation can support additional income.

Depth

Shared stillness can deepen belonging and connection in ways regular programming may not.

WHERE THIS FITS

Shaped Around the Room, Wherever It Gathers

Because every experience is shaped around the people in the room and the purpose of the gathering, Alkhemiyah's format travels naturally across settings:

Boutique & Luxury Hotels

Guest wellness programming, spa-hour activations and retreat-weekend additions that arrive fully equipped.

Yoga & Wellness Studios

A distinctive specialty offering members can return to and talk about — the original home of this work.

Corporate Offices & Retreats

A staff reset, leadership offsite or conference wellness break, held with the same care as any studio session.

Retreats & Special Events

A signature evening or closing ceremony designed around the group's theme and schedule.

Private Groups & Residences

An intimate gathering, celebration or private circle held wherever the group chooses to meet.

Community & Cultural Organizations

Shared stillness that can deepen belonging in community spaces of any kind.

Shaped around the people in the room, the purpose of the gathering, and the energy of the space.

FOR HOTELS & WELLNESS RESORTS

A Guest Experience That Feels Like the Rest of the Stay

Alkhemiyah arrives with its own full setup and facilitation, so a property does not need to build new programming or infrastructure to offer it. That portability is what makes it a natural fit for:

- Guest wellness & spa-hour programming
- Retreat-weekend and package add-ons
- Private, in-room or event-space sessions for VIP guests
- Seasonal or signature hotel activations
- Ticketed or revenue-share collaborations with the property

FOR COMPANIES & ORGANIZERS

Stillness as a Team & Group Experience

Staff Reset

Team & Employee Wellness

A guided reset for a staff team or department — a meaningful break from the regular workday, held on-site.

Retreat

Leadership & Company Retreats

A signature session woven into a retreat agenda, offering the group a shared, embodied close to the day.

Member Event

Conferences & Wellness Breaks

A distinctive interlude for a conference, offsite or member event — a reason for attendees to gather beyond the agenda.

Private Group

Private & Milestone Gatherings

A shared experience for a private group or celebration, shaped around the occasion.

THE BUSINESS CASE

Beautiful programming, low operational lift, and an experience people remember, return to and talk about. Alkhemiyah brings the full setup, so your team only needs to provide the room.

THE PERSON HOLDING THE ROOM

Beyonca Johnson, Shaman Yawna Shakti

Beyonca Johnson, spiritually known as Shaman Yawna Shakti, is the founder of Alkhemiyah. She brings together sound, breath, rhythm, voice, somatic awareness and ceremonial practice to create immersive experiences shaped around the room.

TRAINING + PRACTICE

- Certified Shamanic Practitioner — The Power Path
- Level II Reiki Certified
- Certified Craniosacral Therapy Practitioner
- Sound, breath + embodied wellness practitioner
- Continuing study in ceremonial and somatic practice

HOW SHE HOLDS SPACE

Presence

The room is oriented before the experience begins.

Choice

Participants are not pressured into catharsis or disclosure.

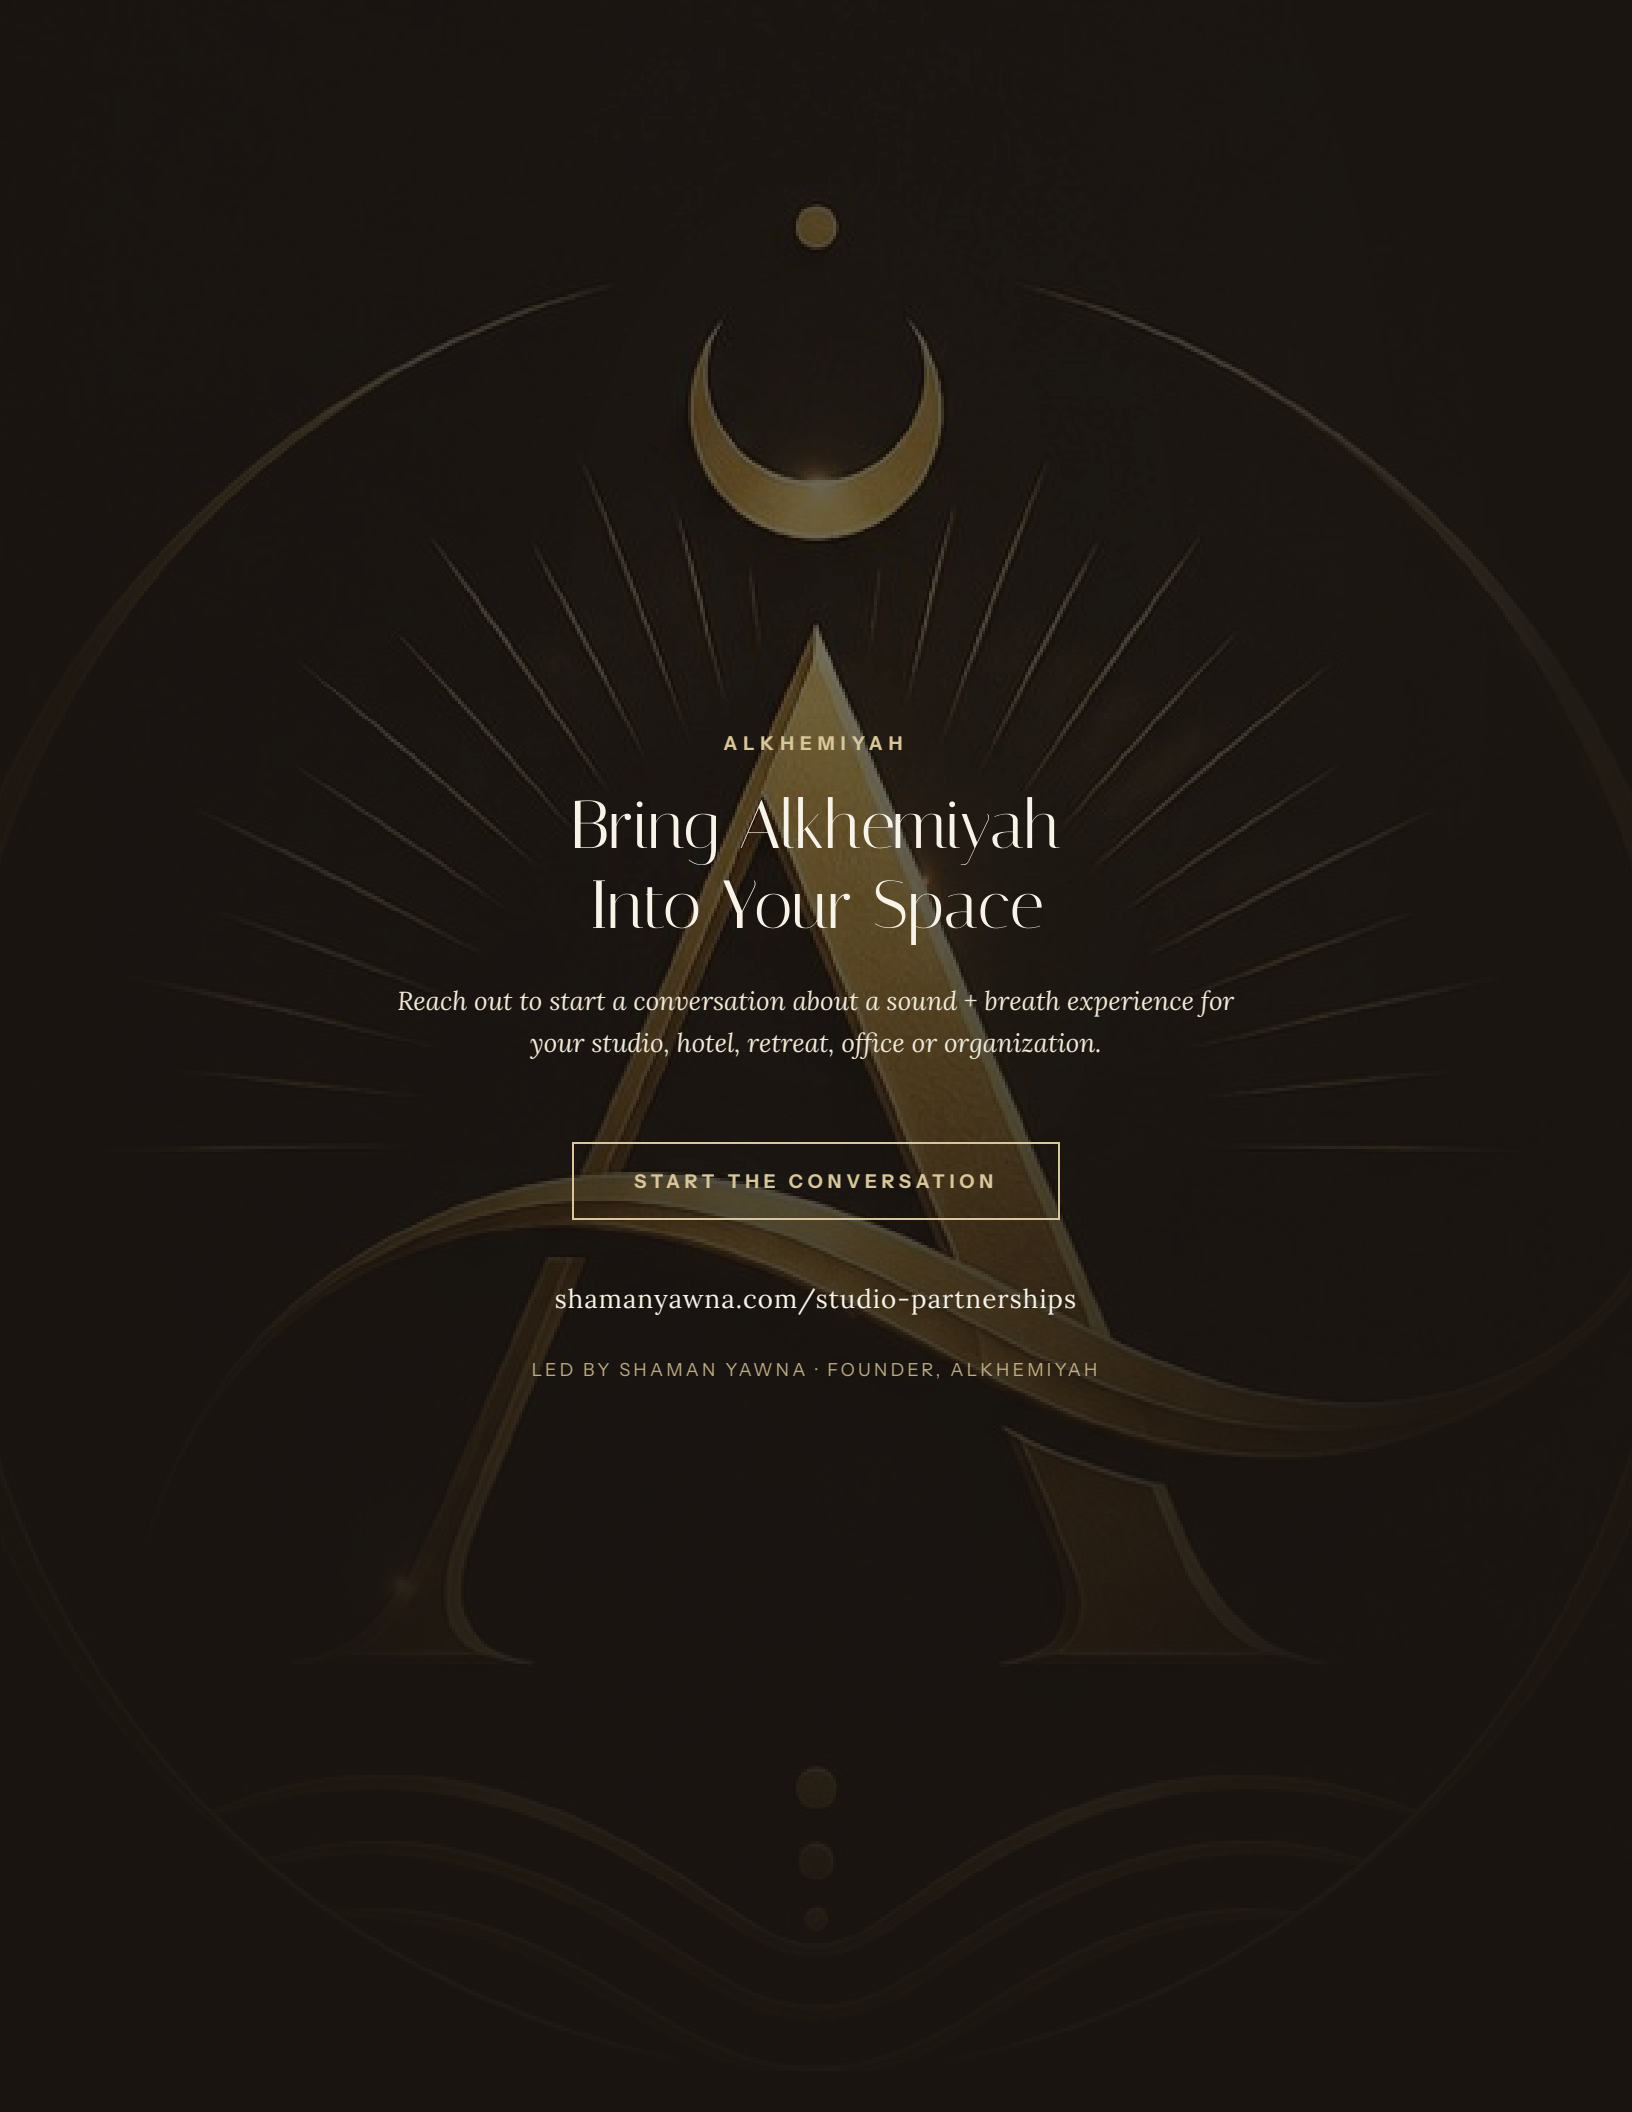

Care

Sound, breath and stillness are guided with intention.

She does not present this work as arrival. She describes this season as continued becoming: deeper study, stronger discernment and more responsible space-holding.

“Rather than ask you to decide from a brochure, I would rather let you experience the work.”
